The Connected Learning Initiative (CLIx) is the first initiative undertaken by the CEI&AR in partnership with **TATA TRUSTS** and **MASSACHUSETTS INSTITUTE OF TECHNOLOGY (MIT)**. It is a bold and innovative effort that aims to improve the professional and academic prospects of high school students from under-served communities in India.

"CLIx has completed the first round of module development. Currently its reach extends to 461 schools, 2,331 teachers and 46,798 students across the states of Chhattisgarh, Mizoram, Rajasthan and Telangana. I2C, our course on digital literacy, elementary and basic English, and Geometric Reasoning has reached teachers, teacher educators and students in all 4 states." - Padma M Sarangapani, Project Director

Looking back, looking forward: A report of the CLIx workshop at Jaipur, December 15-17, 2016

The mood was vibrant at the annual review workshop of the Connected Learning Initiative (CLIx) project held on 16 and 17 December, 2016 at the Sarva Shiksha Abhiyan (SSA) office, Jaipur, Rajasthan. Many bright heads came together to discuss the progress in the implementation of the project. They also brainstormed and planned for the...[read more](#)

The Connected Learning Initiative (CLix) is a partnership between the Tata Institute of Social Sciences (TISS), Massachusetts Institute of Technology (MIT) and the Tata Trusts. It is a bold and innovative effort to improve the professional and academic prospects of high school students from underserved communities in India. CLix incorporates thoughtful pedagogical design and leverages contemporary technology, including online capabilities, to provide quality educational content and experiences at scale in the areas of English, Science, Mathematics and Values.

As a platform for innovation in education, CLix also supports the professional development of in-service teachers, making substantial contributions to teacher education in Indian languages.

The initiative aims to reach a total of approximately 1,100 schools and 165,000 students in Chhattisgarh, Mizoram, Rajasthan and Telangana during 2015-18, as well as conduct professional development for approximately 4,500 teachers.
